

Paris Air Show 2025

Fly to Success Sky in the aerospace industry with an exhibit at Paris Air Show 2025 Paris

Paris Air Show 2025 Paris is a leading exhibition for the aerospace event that is slated for 16 – 19 June 2025. The 55th edition of the show will be filled with the latest technological innovations in the presence of all the players in this global sector. At this International Paris Air Show 2025, more than 2,500 exhibitors from 46 countries are expected, and half of them will come from France. The industry operators and the general public are invited to the four days of the exhibition, including parts and equipment for aircraft construction, spacecraft, communications equipment, engineering and maintenance, and other related services.

The latest innovations and trends of all sections of the aerospace sector will be at the PARIS AIR SHOW 2025. Around 150 aircraft demonstrations on daily flights on the show floor will provide the exhibitors the opportunity to present and enhance their technical know-how of the sector.
